Advertisement Number	01/2021	Post Code	05
Designation of Post	Principal Scientist	Number of post(s) and its category	UR-01
Pay Level & Scale	Pay Level 13 (Rs.123100-215900)	Age Limit	45 Years
Last date of receipt of application	15.02.2021	Total number of applications received by due date	40 (including 02 duplicate applications)

Essential qualification and experience, if any, as per advertisement.	Ph. D. in Life Sciences with at least 3 years of post-PhD research experience in areas of transgenic animal model research OR Biomedical research using 3D cell culture models.
Desirable qualification as per advertisement	Outstanding academic and proven research record. Demonstrable area of expertise should be evidenced with original research publications in peer reviewed journals and granted patents.
Job requirement as per advertisement	Candidate is required to establish his/her independent research program, develop new scientific directions, lead cutting edge research, guide PhD students and participate in the IMTECH's institutional activities. Candidates considered with transgenic animal model research will be required to dedicate 50% of their effort lead/participate in developing and maintaining IMTECH Transgenic Animal House Facility

Screening committee decided to shortlist those applicants who qualify the following: -

- 1 Essential Qualification and Experience as per the advertisement (EQ)
- 2 Desirable Qualification as per the advertisement (DQ)
- 3 Shortlisting Criteria (SC) set by Screening Committee:-

Applicants possessing both EQ & DQ and scored total marks  $\geq 35$  have been shortlisted.

Marks were allotted to each candidate on the basis of following:

- a) Cumulative impact factor was calculated by summation of impact factors of individual research publications published in journals having impact factor  $\geq 4.0^{\#}$ . Marks equal to the cumulative impact factor has been granted to the applicant.
- b) Granted patents were only considered and the applicant has been awarded five (05) marks for each granted patent.
- c) Total marks were calculated in by summation of a & b for each applicant.

\*For this purpose, the research publications with Journal Impact Factor (JIF)  $\geq 4.0$ \* [Journal Citation Report (JCR) list published by Clarivate Analytics of the Year 2019] and where the applicant is a first author/co-first author/ corresponding author were only considered. Review articles/ book chapters/ conference presentations were not considered. The impact factor value was obtained from the JCR list published by Clarivate Analytics of the Year 2019.

\*Majority of the quality journals has impact factor  $\geq 4.0$  (JCR list published by Clarivate Analytics of the Year 2019) and hence, articles published in such journals were only considered. The screening committee, after going through the prescribed EQ, is of the opinion that an individual performing quality research would publish adequate numbers of research articles in journals with JIF  $\geq 4.0$  as first author/co-first author/ corresponding author and / or has equivalent number of granted patents (point b) leading to atleast a total of 35 marks as calculated in point "c".
